**Insurance Agent.**  
OFFICE OVER  
**THE CENTRAL BANK**  
ALBUQUERQUE.

Agent for the Largest, Strongest and  
Best Companies in the world.  
**Mutual Life Insurance Co. of New York.**  
Organized 1843. Cash Assets \$94,000,000.  
This company is too well known to need  
description. Its dividends are larger, and its  
policy more liberal, than any other company in the  
world.  
**Travelers' Life and Accident**  
Insurance Co. of America and the  
largest in the world. 6,411

**Liverpool, London and Globe**  
Insurance Co. of L. E. 32,200,000  
This standard company's policy  
does not contain any sixty  
day clause, but pays in full with  
no deduction of interest. Its  
report at the great Chicago fire  
of last year, saving over three  
and a quarter million dollars in cash,  
and its record in the London  
and Lancashire fire, saving over  
one million dollars, gives this company a  
preference in fire insurance  
not equalled by any company  
in the world.

**Insurance Co. of North**  
America, Phil. 5,802,378  
The surplus of this old com-  
pany is \$1,750,000, a sum larger than the  
"gross assets" of any other  
American fire insurance com-  
pany. It is a company of  
eighty years of continuous  
business, and has paid out over  
fifty million dollars for losses, and  
still has cash assets. No Ameri-  
can company can show any  
better record.

**Scottish Union and National**  
Great Britain. 35,011,048  
This is one of the oldest of  
foreign companies. Its com-  
pany has been recently (1880) in-  
creased, and the policy is more  
liberal. Its security for policy  
holders is \$2,000,000, security invested.

**German American Insurance**  
Co., New York. 2,402,073  
Over two million dollars of the  
assets of this company is in  
"United States bonds" and in  
case of any large conflagration  
can be turned into cash at once.  
Surplus is to policy holders, is  
over \$3,000,000.

**Pennsylvania Fire Insurance**  
Co., Philadelphia. 2,227,616  
Fifty-seven years continuous  
business has placed this com-  
pany among those most relied  
upon for the most certain  
protection for the dollar for honest losses.

**Home Insurance Co. of New**  
York. 6,839,719  
Twenty-five years successful  
business places this company at  
the head of the front of New  
York city companies.

**American Central, St. Louis.**  
1,100,555  
This is one of the most pre-  
sently managed and conserva-  
tive companies in the country,  
and is second to none of com-  
panies in the west.

**Springfield Fire and Marine**  
Insurance Co., Springfield,  
Mass. 2,197,822  
It is an old company—thirty-  
three years. It is a stock com-  
pany with a cash capital of  
\$1,000,000. It is not ex-  
posed to large loss by a  
conflagration, as its business is  
being in a small city. It is in-  
vested in the most perfect safety  
in all other cities.

**Standard Fire Office, Lon-**  
don. 2,300,000  
This is one of the new foreign  
companies to come to this coun-  
try, and is entitled to the con-  
fidence of the insuring public.

**Phoenix Assurance Co., Lon-**  
don. 5,296,372  
This old company (two years)  
has paid over \$2,000,000 to policy  
holders. It is the largest exclu-  
sive fire company in Great Britain.  
Capital represented for Fire  
Insurance.....\$108,401,616  
Capital represented for Life  
Insurance.....64,702,957  
Capital represented for Annu-  
ity Insurance.....6,012,108  
GRAND TOTAL.....\$180,114,581  
With this grand total of capital represented  
in my agency, I offer to those waiting in-  
dently for insurance, by Fire, Life, or Annuity,  
protection second to no other list to be  
found anywhere. I will give the business of  
insurance my personal attention in all its de-  
tails, thus ensuring promptness. My twenty  
years' practical experience in the business gives  
weight to the assertion that a knowledge of  
the rights of the policy holder and the proper  
method of doing the business, and a disposition  
to far exceed the usual office, is the greater  
portion of the insurance to be done, as has  
been the case in the past.

**REAL ESTATE!**  
I have some of the best bargains to be found  
cheap lots on easy terms of payment. Business  
lots, here to advance in value, in all parts of the  
city.  
If you want to buy a lot. If you want to buy a house.  
If you want to sell a house. If you want to rent a house.  
If you want to invest your money. If you want to give the best security to the shortest  
time, I am the one you should see.  
I always have money to loan.

**An Assassination**  
Special dispatch to the Journal.  
WASHINGTON, Sept. 28.—Intelli-  
gence is received here of the foul murder  
of Deigo Mestas, near Espanola.  
Mestas was lately employed in the  
store of John Bell, of Wallace. He  
was undoubtedly shot while mounted,  
the assassin being on the ground as  
the ball entered the side and emerged  
from the top of the head. He was  
living when found, but unconscious,  
and died soon after. His horse was  
grazing about forty rods from the  
body. The deceased is supposed to  
have had about thirty dollars with  
him which has disappeared. The man  
is well known in the vicinity of Espanola  
and Santa Fe. A rumor prevails  
that Lucas, the Golden murderer, killed  
Mestas to prevent any trace of the for-  
mer's whereabouts being known.

**A Robbery and Fire.**  
Special dispatch to the Journal.  
COOLIDGE, Sept. 18.—A shoemaker  
at Gallup named William Meagher  
was held up by James Maloney, a  
saloon keeper, last night and robbed  
of \$40. He immediately telegraphed  
to Deputy Sheriff Evans of this place,  
who went to Gallup. When he arrived  
there Meagher's tent had been set on  
fire and his stock destroyed. Maloney  
was arrested and taken to this place  
for trial before John P. Hale.

**Bold Burglars Break Jail.**  
CHICAGO, Sept. 28.—A Mercer, Pa.,  
special says five expert burglars and  
cracksmen, in jail for robbing the ex-  
press office at Greenville, escaped.  
They suddenly seized and bound, then  
gagged the guard and put him into a  
cell, forced other prisoners into cells  
with revolvers, seized the turnkey as  
he entered, locked him into a cell, took  
the keys from him, passed out, bound  
and gagged the sheriff's wife, and fled.

**A Woman War.**  
NEW ORLEANS, Sept. 28.—This  
morning Melissa Powers and Addie  
Johnson, young women, fought with  
butcher knives about a young man who  
had been paying attention to both. The  
women were cut in the face and all  
parts of the body in a horrible man-  
ner. Melissa Powers received a stab  
wound in the breast from which she  
died almost instantly. Addie Johnson  
is in a critical condition.

**A Double Murder Arranged.**  
DECATUR, Ala., Sept. 28.—An  
armed party of citizens in pursuit of  
James Bell, who killed Major Smith  
last week, came upon the fugitive near  
Troy. Bell resisted arrest and shot  
Major Smith's son, killing him almost  
instantly. The party then opened fire  
upon Bell and he fell dead riddled with  
bullets. The body was left where he  
fell.

**A Color Fight.**  
CHARLESTON, S. C., Sept. 28.—A Lan-  
caster special says. At a political meet-  
ing yesterday a row began between a  
white man and some negroes. Some  
indiscriminate pistol shooting was done  
but no one was hurt. Soon after a pos-  
se of negroes rode up to the place, and a  
general row resulted, in which four  
colored men were killed and a large  
number wounded.

**Trial for Murder.**  
DENVER, Sept. 28.—In the district  
court to-day the trial of C. N. Wood  
for the killing of Phil Hubbard was  
commenced. The killing occurred on  
the 27th of last May. Several witness-  
es were examined. Wood will prob-  
ably go scot free.

**A Cyclone Catches a Church.**  
NEW YORK, Sept. 28.—The  
Evangelical church in the south end of  
this city was demolished during sev-  
erely last evening by a cyclone. No one  
was injured.

**An Exhibit Stolen.**  
CINCINNATI, Sept. 28.—Twelve thou-  
sand dollars' worth of diamonds and  
valuable jewelry were stolen at the  
exposition building this morning from  
an exhibitor.

**The Ford Brothers and Mrs. James.**  
NEW YORK, Sept. 28.—The World  
says the Ford brothers, slayers of Jesse  
James, who are now on exhibition at  
Bennett's museum, Brooklyn, claim  
that Tuesday the wife of Frank James,  
brother of Jesse, visited the museum,  
stared at them and after looking at  
the other curiosities left the building  
and entered a cab and was driven rap-  
idly away. They assert they recog-  
nized M. A. James although she was

thickly veiled, and that her visit to the  
museum was intended as a reminder to  
them that Frank James had threatened  
to kill them for murdering his brother.  
Charles Ford says: I notice every one  
that comes in here, for when a man has  
sworn to kill you, it almost keeps your  
eyes open. I saw among other people  
that entered, a heavily veiled woman  
dressed in deep mourning she walked up  
to our platform, and looked at us. I  
knew immediately that she was Frank  
James' wife and told Bob about it.  
Bob jumped off the platform and went  
to the managers office. Mr. Bates only  
laughed, but just then Mrs. James  
passed out of the door. Bob said he  
was going to follow her and Mr. Bates  
said he would go with him. Mrs. James  
passed by the window that opens on  
to our platform and looked in, then  
the carriage drove up and she sprang  
into it and was driven rapidly away.

**FOREIGN FLASHES.**  
LONDON, Sept. 28.—A Vienna news-  
paper publishes a story to the effect  
that the Emperor and Empress of  
Russia were secretly crowned during  
their recent visit to Moscow. If the  
emperor survives till public coronation  
day, a secret ceremony will be con-  
sidered void. In the event of his  
death it will be made public so as to  
avoid any difficulty in proclaiming  
Czaritch Alexander lawfull successor  
to the crowned monarch.

LONDON, Sept. 28.—It is under-  
stood that Davitt and Dillon explicitly  
denied that any difference existed be-  
tween the latter and Parnell. Dil-  
lon resigns his salary because of ill  
health. There are hopes in the party  
that he may be able to resume his  
duties after the absence of about a  
year.

CAIRO, Sept. 28.—Contrary to all  
rumors General Wolsley will not leave  
here for a fortnight, not until the ur-  
gent questions awaiting solution, in  
connection with courts martial, the  
withdrawal of a portion of the British  
troops and reorganization, are settled.

LONDON, Sept. 28.—The Grand Duke  
Michael stakes were won by Garnet  
Lorillard's stake second.  
DUBLIN, Sept. 28.—General Fitz-  
Gibbon, master-in-chancery, prominent  
among the counsel for the defense in  
the state trials of 1813, is dead.

Cairo, Sept. 28.—There have been  
riots in several of the towns in Upper  
Egypt, owing to the efforts of the of-  
ficials to enforce demonstrations of  
loyalty to the khedive. Flags and de-  
vices have been torn down by the mobs  
and Christians insulted and mal-  
treated.

ALEXANDRIA, Sept. 28.—It is stated  
that two companies of the 49th reg-  
iment have been suddenly ordered to  
Lahaina. The Egyptian government is  
in possession of a telegram from  
Prince Ibrahim to Arabi Pasha  
congratulating them upon the sup-  
posed Egyptian victory at Kassasin,  
and hoping at the next feast of  
Bairam, Englishmen would be sacri-  
ficed instead of sheep.

CAIRO, Sept. 28.—An ammunition  
train exploded near the Cairo railway  
depot. The explosion still continues.  
The Arabs and Europeans are fleeing  
from the scene. Thirty persons are  
reported killed.

CAIRO, Sept. 28.—Explosions of  
shells continue at intervals of less  
than a half minute apart. The rail-  
way depot is in flames; trains also are  
ablaze. The expenses and losses  
through the war are less than was ex-  
pected, the provincial treasury being  
fairly filled.

CONSTANTINOPLE, Sept. 28.—The  
construction of 200 Boaden torpedoes  
is ordered to be hastened. All other  
work at the arsenal gives place to the  
manufacture of torpedoes.

**Indian Schools.**  
WASHINGTON, Sept. 28.—The army  
officers and civil employees of the war  
department are forbidden to make pub-  
lic any information relative to the  
business of the department.

Secretary Teller and Inspector Hay-  
worth made the following distribution  
of Indian school funds for the present  
year for the support of non-  
treaty schools already established and  
to be established: \$21,700 for increas-  
ed attendance in the fifty schools now  
established; \$50,000 for establishing  
new industrial schools; \$45,000 for  
contingent expenses at agency schools;  
\$75,000 to purchase stock cattle for in-  
dustrial schools; \$80,000 for the com-  
pletion of school buildings, outhouses  
etc for the industrial school near Kan-  
sas City; \$15,000 to support the above  
school; \$31,000 to support the indus-  
trial school at Reno, Neb.; 17,000 to  
support Indians in schools in the state.

**Base Ball.**  
WORCESTER, N. Y., Sept. 28.—Wor-  
cesters 1; Troy's, 4.  
CLEVELAND, Sept. 28.—Cleveland's,  
2; Detroit's, 4.  
CHICAGO, Sept. 28.—Chicago's, 11;  
Buffalo's, 5.  
To-day's victory gives the Chicago  
club the league championship for 1882.  
Its games won are fifty-four; losses,  
one more game to play. Providence has  
won fifty-one and has two more to  
play.

**Death of a Journalist.**  
JERSEY CITY, N. J., Sept. 28.—Rob-  
ert Ferguson, journalist, died yester-  
day. He was for a time an officer in  
the 14th United States infantry but  
resigned his commission upon the loss  
of his wife and child in the burning of  
the officers' quarters at a post in Wy-  
oming.

**Car Contract.**  
CHICAGO, Sept. 28.—The Chicago  
Milwaukee and St. Paul railroad com-  
pany has contracted with the Pullman  
car company to take control of the  
sleeping car system over their 4,000  
miles of road. This makes a contin-  
uous system of Pullman sleepers from  
New York to Portland, Oregon. The  
contract goes into effect October 1.

**Canadian Races.**  
MONTREAL, Sept. 28.—In the Pro-  
vincial turf club races, the Maiden  
plate was won by Moosamin, Rover sec-  
ond. The Autumn plate race for  
horses bred in the dominion, two miles,  
was won by Disturbance, Roll second.

**BETS OFFERED**  
That Frank Manzanares Will  
Not Accept the Demo-  
cratic Nomination.  
Persistent Efforts Fail to Bring Any  
Response From the Con-  
vention's Nominee.  
Judge Jere Black Employed by the  
Mormons to Oppose the Utah  
Commission.  
Resignation of General Stoneman  
From the Retired List of  
the Army.

**Silver for the Mint—Seligman Bros' Heavy**  
Draft—Public Lands Open for  
Settlement, Etc.  
Special Dispatch to the Journal.  
SANTA FE, Sept. 28.—The conven-  
tion met at 10 o'clock, and spent this  
morning upon a single ballot without  
result. Almost every delegate is full  
of talk and had to explain his vote,  
which consumed time. Judge Trim-  
ble having positively denied the use of  
his name, the convention is now lick-  
ing the boots of Frank Manzanares in  
the hope that he can be prevailed upon  
to accept. This is the way one dele-  
gate expressed it, while others  
ask if the party has fallen so  
low that it must crawl at Manzan-  
ares' feet and supplicate him to save  
them or they sink. Others again stated  
that the convention was disgracing it-  
self by begging a man to accept who  
has said over his own signature that  
he will not run. Still, he may be play-  
ing the dodge of the coy maiden, who,  
while declaring that she would never  
consent, finally consented. The two-  
thirds rule renders a nomination diffi-  
cult, and much time may be consumed  
in balloting.

The only ballot taken this morning  
resulted thus: Manzanares, 34; Thor-  
nton, 14; Craig, 13. No choice. At  
noon a recess was taken till one o'clock.  
The dictation of a candidate by Mora-  
county is not well received.

On re-assembling another ballot was  
taken, the result of which was as fol-  
lows: Manzanares, 32; Thornton, 13;  
Craig, 10.

The fifth ballot was almost the same  
as the fourth, the most persistent ef-  
forts were made to ascertain whether  
or not Manzanares would run but with-  
out success. Finally he San Miguel  
delegation gave a guarantee that he  
would run if nominated and the last  
ballot resulted as follows: Manzanares,  
44; Thornton, 5; Craig, 7.

There was no motion to make it  
unanimous and a committee was ap-  
pointed to notify Manzanares and the  
convention adjourned until 8 o'clock  
expecting a response but none came.  
A central committee was appointed at  
the night session. The convention  
finally adjourned sine die without as-  
certaining whether its nominee in-  
tended to accept or not. Bets are offered  
that he will not accept.

**Resignation Accepted.**  
NEW YORK, Sept. 28.—A Wash-  
ington special says: One of the first acts  
of General Sherman yesterday as ac-  
ting secretary of war was to sign the  
acceptance of the resignation of Gen-  
eral George Stoneman as colonel on  
the retired list of the army. General  
Stoneman is a Democratic candidate  
for governor of California, and is a  
man of wealth. He is largely engaged  
in agricultural enterprises and has an  
income of \$8,000 or \$9,000 a year. He  
can therefore afford to relinquish \$5,300  
which he received as relief colonel, but  
such an act is almost unprecedented.  
General Stoneman graduated at the  
military academy in 1846, and has  
been an officer of the army contin-  
uously to the present time. At the out-  
break of the war he was a major in  
the First cavalry. He became brigad-  
ier general of volunteers in August,  
1861, and major general the following  
year. He served with distinction as  
a general officer during the rebellion,  
and at the close of the war became  
colonel of the Twenty-first infantry.  
He resigned on account of disabilities  
in 1871.

**Heavy Draft.**  
NEW YORK, Sept. 28.—It appears  
that among other influences depressing  
foreign exchange is the fact that J. &  
W. Sedgman have been drawing on  
London and Paris for a sufficient  
amount to yield between \$5,000,000 and  
\$6,000,000 which they have paid on  
account of the Panama canal.

**Denies all Knowledge.**  
SYRACUSE, N. Y., Sept. 28.—Congress-  
man Hiseock makes a denial of any  
part in or knowledge of the Smith-  
Montana affair.

**The Mail Bags.**  
NEW YORK, Sept. 28.—The mail  
bags on the wrecked steamer Elam  
were taken from the life boat by the  
pilot boat and brought to this city.

**The President's Trip.**  
POUGHKEEPSIE, N. Y., Sept. 28.—  
President Arthur passed here last night  
in a special car for Clayton.

**Woman Suffrage.**  
OMAHA, Sept. 28.—To-day's morning  
session of the National Women's suf-  
frage association was devoted to the or-  
ganization of the campaign work.  
This afternoon Mrs. Shattuck, of Bos-  
ton, and Susan B. Anthony spoke.  
This evening addresses will be made  
by Mrs. Wyman and Mrs. Miner. The

convention closed a public reception at  
the Paxton house and was attended by  
leading citizens. The convention has  
been a success and there is no doubt  
that many converts have been made,  
but nevertheless it is doubtful if wo-  
man's suffrage will be carried this fall  
as it requires a majority of all votes  
cast and persons not voting upon the  
question will virtually be casting votes  
against suffrage. The convention will  
be held at Lincoln on the 29th and  
30th, and at Monopolis they nomi-  
nated a complete state ticket, head by E.  
P. Ingersoll, of Johnson county, for  
governor. Resolutions to cover the  
principal planks of the anti-monopo-  
lists as enumerated by the New York  
anti-monopoly league. They also de-  
mand revisions of the revenue laws so  
as to compel railroads to pay their pro-  
portion of taxation.

**WASHINGTON.**  
Secretary Teller's Order.  
WASHINGTON, Sept. 28.—The sec-  
retary of the interior decided to reopen  
for settlement a large tract of agricul-  
tural land embracing about 10,000,000  
acres in northern Dakota, which was  
withdrawn from settlement by Sec-  
retary Shurz. The tract once formed  
part of the Sioux reservation but was  
purchased by the government from that  
tribe. Portions of it have been oc-  
cupied by the Turtle Mountain In-  
dians, they receiving the lands of the  
Chippewas. These Indians pre-  
tended a claim urging a right to occupancy  
and Secretary Shurz withdrew the  
lands from settlement. Besides the  
consideration of these claims, Secretary  
Teller now decides that the claims of  
the Chippewas are invalid and reopens  
the land to settlement.

**An Agreement With Indians.**  
WASHINGTON, Sept. 28.—McGannor,  
assistant attorney general of the inter-

with the Flathead Indians of north-  
western Montana to allow the North-

their road through the reservation,  
a distance of fifty-three miles. The In-  
dians at first fixed upon one million  
dollars as the price of the land, two  
hundred feet wide across the reserva-  
tion, but finally accepted \$23,000—\$16,  
000 for the land and \$7,000 for com-  
pensation for destruction to buildings  
and crops on the line of the proposed

**A Street Car Drivers' Strike.**  
CHICAGO, Sept. 28.—The conductors  
and drivers employed by the North  
Division street railway company struck  
this morning at 10 o'clock, and all the  
cars in that division of the city stopped.  
The trouble is not one of wages, but of  
hours. A short time ago the com-  
pany employed a new superintendent,  
who, as they claim, increased their  
hours of labor unreasonably.

After the cars had been standing idle  
in the barns six hours, President Turn-  
er sent the strikers a note saying that  
their demands had been complied with.  
The men returned to work in full force  
and had the cars out in time to carry  
the people home to supper.

day was consumed in arguments by  
counsel.
